\*Transfer of funds for Smart Board has not been completed or the payment for the Spirit Wear

Committee Reports and Old Business

Teacher Stipend - 4-5 teachers have been reimbursed \$50.00 for school supplies they purchased

Market Day- Sales are ahead \$440.00 for the month and \$234.00 for the year.

Secret Santa- The Secret Santa Shop will be open December 9-11 with set-up being 12/8/09. Craft night to make items to sell will be November 18<sup>th</sup> and December 2<sup>nd</sup>. Please save paper towel rolls and bring them with you as well as bite and snack size candy to stuff them with. Leftover Halloween candy works great. There will be hard copy information coming soon in the family envelope.

Soup Labels - Mrs Noble suggested purchasing a digital camera for the teachers to use as the school doesn't have one. She is researching price and brands through both the Campbell's catalog and local vendors. Basketballs for the playground were the latest purchase with the labels.

Spirit Shop - The first shipment of clothing was delivered Friday. Items will be available at Secret Santa and the Feather Party on November 20.

Recycling - The 8<sup>th</sup> graders have taken this project on for service hours. They will be packaging the printer cartridges and applying the shipping labels.

Positive Addiction - A planning meeting is scheduled for October 21. The committee is looking at incorporating a monthly program in conjunction with the May program.

## New Business

We have received 5 responses from teachers with items they have requested. It's not too late. As our next meeting will focus on making crafts for Secret Santa, you (teachers) have until at least December to give us your ideas. A sub-committee will then decide which items to purchase.

A suggestion was made to utilize Max and Erma's fundraising program. Families would receive coupons to present to their servers when they eat on a designated day Monday-Thursday. Twenty percent of that day's sales with coupons would go to St. Joe's. Kelly Cieslica will follow up on this suggestion.

Next meeting: November 18, 2009 at 6:00 in the community center for CRAFT NIGHT!!!
